

RENEW

15:00 – RICH IN CHRIST – KORBAN MILLER (POLAND)

Reflection – 20 min

1. What thoughts from Korbans 's talk were particularly meaningful to you?
2. Do you have any additional observations about being “encouraged in heart” as you look at the text in Colossians 2?
3. Korban said that poverty is a useful tool in the hand of God. Each of you name 1-3 areas where you are currently experiencing poverty.

Application – 20 min

1. Korban reminded us that our spiritual net worth is actually much greater than we realize. “Have one man take a coin from his pocket and throw it to someone else in the group. As that man holds the coin in his hand, invite the rest of the group to reflect on how the riches of Christ could help address the poverty their brother is currently experiencing. Be as specific as possible, using texts from Scripture. The person with the coin can ask specific questions back about how that could be practically experienced.
2. Then the coin is passed on to someone else and they are on the “riches of Christ hotseat.”
3. Korban reminded us that the riches of Christ should overflow in thanksgiving. End your discussion with a time of prayer where you thank God for the specific riches he has reminded you of today.

At the end of his talk, Korban reminded us that being encouraged in heart and united in love prepares us to experience the full riches of Christ ($A + B = C$). If you still have time, reflect on how you have experienced that as you have been together as men today.

Recommended end – 16:30
